Dear Nicola,

Lancashire Equality Mark –Race and Religion & Belief badges

Thank you for inviting me to visit St Peters C of E Primary School for the Lancashire Equality Mark accreditation process last week. It was a pleasure to witness the remarkable work going on at your school.

During my visit, I was deeply impressed by the collaborative efforts of the entire school in promoting equality and celebrating the diversity of the community it serves. The way school celebrates diversity and the value it places on all cultures and religions is evident.

I was particularly impressed with the quality of your displays around school, which confidently represent equalities, and the diverse range of books in the school library, reflect the diversity of the school community. These books allow students to see themselves represented, which is a great source of pride.

Your use of events, festivals, and celebrations, as well as the RE curriculum coverage, provides the children with an opportunity to extend their knowledge and understanding of different faiths and beliefs. This also allows them to celebrate similarities and accept differences.

You actively engage with community stakeholders to enrich the children's experiences through Faith Trails. It's clear that promoting equality is deeply embedded in your school and curriculum.

The effective monitoring of International New Arrivals and the support in place for language development, as well as participation in all areas of the curriculum, is commendable. I believe the children are being well-prepared for the multicultural society that represents Britain today, and the British Values are being well-embedded.

As a result, we have decided to award you with the Race Equality and Religion and Belief badges. Enclosed are certificates and logos for display and use on your letterhead and website.

We look forward to your continued progress towards achieving the Lancashire Equality Mark.

Please feel free to reach out if you need further information.

Yours faithfully
